### Golden Gate Fire Protection District Statement Regarding Growth and Development

The Golden Gate Fire Protection District (GGFD) provides emergency services and review of plans for development, commercial and residential buildings, and building protection systems. GGFD personnel evaluates these projects and plans on the merits of adopted local, State, and Federal codes, standards, and regulations, working closely with applicable departments within Jefferson County and Jefferson County Planning/Zoning, Building Safety, and Traffic Engineering to provide and foster a safely built community. It is not the role of GGFD to make land use and/or zoning decisions, or to be the determinant of which projects are deemed acceptable within these legal limits. As a Special District, the GGFD personnel will serve all of the residences and properties located within the boundaries of GGFD.
