

Golden Gate Fire Protection District Burn Permit for Slash

Sign and complete both pages

Outdoor burning in unincorporated Jefferson County requires permits signed by both the fire department and the Jefferson County Department of Health and Environment. The fire department evaluates applications for potential fire safety issues, while the health department evaluates applications for air quality issues that can impact human health. It is necessary to obtain permits first from the GGFPD and then from Jefferson County in order to burn. Open burning in Jefferson county is regulated by the Colorado Department of Public Health and Environment / Air Pollution Control Division and Jefferson County Department of Health and Environment under the Colorado Air Quality Control Commission's regulation one.

Prohibited Materials

- ⤴ Routine yard and garden clean-up waste
- ⤴ Structures
- ⤴ Construction debris
- ⤴ Household garbage
- ⤴ Materials that produce excessive smoke
- ⤴ Commercial / business waste
- ⤴ Stumps
- ⤴ It is recommended not to burn tree limbs over 5" in diameter

Safety requirements for open burning

- ⤴ There must be a minimum of 4 inches of consistent snow cover.
- ⤴ Burn piles are recommended to be at least 35 feet from trees, large bushes and structures. This distance will need to increase on sloped burn sites.
- ⤴ Piles should be no larger than 8 feet in diameter and 6 feet in height.
- ⤴ Winds can be dangerous and should be less than 10 mph when piles are lit and the weather predictions should not call for wind speeds over 10 mph anytime within the following 12 hours.
- ⤴ Always have water, a rake, a shovel, and a wheel barrel for snow transport available.
- ⤴ Have an approved "Extinguish Plan."
- ⤴ Attend all fires until completely out. All burns must be completely extinguished by sundown.
- ⤴ Advise neighbors of the burn day.
